An efficient method for figuring out a value is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the new ebook, however don't embody a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Make sure that your sales copy is precisely the similar on each web page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum price is.

Finally, should you've written a ebook that solves a problem or presents a new technique, your ebook will usher in both site visitors and profits.
